

35mm Slides

Like photos slides were very popular with family holiday, Christmas etc but with the advent of digital they have become something of the past and now most probably tucked away never to be seen again.

Why not have them transferred onto DVD or Video for all time.

They will be made into a slide show with professional transitions and music to make the viewing more pleasurable.

No quantity too small or too large.

Please contact us for prices.

All transfers on CD, DVD & Video come with a presentation case and personalised sleeve and label to make it that extra special for you.

Video Filming

How about having that special occasion videoed So you can watch it over and over again.

If it's a Birthday party (children or adults), Christenings, Anniversaries, Barbeques any event at all.

Big or small we will do them all.

Please contact us for more information and prices

Our speciality is weddings, please ask for our wedding video brochure and we will be delighted to send one to you, with full details of our package plus optional extras at unbelievable prices.

Relive that special day forever
